

Greetings to all!

I'm writing this little note to touch base with you all, as it has been awhile since we have had a Pro-Gas race, which reminds me, June 6th-7th at Auto Club Dragway is our next scheduled weekend. Race #3 will be sponsored by King's Hawaiian Bread and we are working diligently to secure a sponsor for the race on the 7th, so stay tuned.

A couple of congratulations are in order, as our own Randy Balough whipped em' all again at the LODRS race in Las Vegas. I think Randy should move there with the good fortune he has had there. Also with a very good showing was Vince Campa in the runner-up spot.

How about that Hollis Colleasure? This guy is a crafty veteran that definitely knows how to light the win light, and who else would he race in the final but his own son-in-law, and a guy that isn't a stranger to the winner circle in Brad Pierce. Congratulations to all!

I have been in early talks with Mr. Chris Blair at LVMS about a race there in 2010 on Memorial Weekend. This race will be at night under the lights both nights Saturday & Sunday. You can lay out by the pool and sight see during the day, and we race at night... Think of it as going on a mini-vacation to Las Vegas, but you are bringing your hot rod along, and get to race at one of the premier facilities in the country! I have heard some interest about such a race from a few folks, and I think having this race would bring some folks to Pro-Gas from both Nevada as well as Arizona. I would like to petition to see if we have enough interest to have such a race, so please respond to this e-mail with your thoughts and concerns, as well as your yays or nays.

I now have Pro-Gas decals for sale \$3.00 for 1 each or \$5.00 for 2 each. I should have brand new T-Shirts for sale with a new design at the next race. They will sale for \$12.00 each.

If any of you know any of our members that are not getting the Pro-Gas e-mails, please let me know and I will get them squared away and get them on the fast track to the Pro-Gas info by getting the proper e-mail address.

Otherwise see you folks on the 6th of June!

Sincerely,

Greg Ventura
